

**STATEMENT OF CANDIDATE FOR
AUBURN UNION SCHOOL DISTRICT**

Scott Bovee

Age: 49

Occupation: Attorney

Education and Qualifications: Through my years of serving on the Auburn Little League Board of Directors, I know how strongly this community feels about the well being of our children, both in sports and school. I have a child in this school district. I also realize that these are challenging times for the students, teachers and administrators in the Auburn Union Elementary School District. Even so, I believe we have a great foundation to build on. I would like the opportunity to join the Governing Board during this difficult period in order to contribute my time and experience toward making this school district even stronger. First, we need to deal with the ongoing financial issues that impact the district, so that each classroom is able to provide the best education possible. Second, we need to adequately prepare each and every student for the next level of education. Whoever is elected to this position will have to make some tough decisions. There must be a fair and balanced approach in dealing with these issues. If elected, I promise to listen to all sides of an issue before voting. Fairness and common sense will support all of my decisions.
